

2024 Outstanding Graduate Mentor Awards

Nomination deadline: January 5, 2024

The Graduate School is pleased to announce the nomination period for the 2024 Outstanding Graduate Mentor Awards. Please circulate this information to faculty and graduate students in your unit.

The Outstanding Graduate Mentor Awards honor Graduate Faculty recognized by their departments and their graduate students as excellent graduate mentors. Up to four awards are granted annually. Each award includes a \$2,500 honorarium and a citation presented at the Faculty Recognition Ceremony.

All graduate faculty members working in academic programs are eligible for nomination by their department chairs and current or former graduate students. The award recipients will be selected on the basis of their demonstrated abilities to advise, support, sponsor and inspire graduate students in making progress toward completion of their degrees and becoming members of a larger professional community. Graduate faculty who perform outstandingly in directing dissertations or theses, leading research groups, coaching individual performers, serving as department advisers, or mentoring graduate students in other capacities outside the classroom are eligible for nomination.

To make a nomination, please submit the nomination form, the nominee's curriculum vitae that annotates or highlights (bold, underline) publications and presentations in which a graduate student is listed as co-author, a list of student placement and mentoring statement, and supporting statements from the department chair and three graduate students. Please submit the nomination materials to the Graduate School via email to k.schramm@wayne.edu by January 5, 2024. Questions should be addressed to Karen Schramm at the Graduate School at k.schramm@wayne.edu. Award recipients will be announced by mid-March.
